- Tape this calendar up near your child's bedroom night light. You can check the calendar before OR after you switch off the overhead light!
- Pray the assigned prayer for the day of the month, jump around, or let your child pick the prayer!
- Use the calendar based on your child's individual skill level, attention span and bedtime routine. You can just use the one-word prayer theme as a guide. You can read the scripted prayer together, or read the verse and the prayer for more time in the Word!
- At the beginning or end of prayer time, ask your child, "Is there anything you'd like me to pray for?" Pray together over his or her request!
